

# Sterilization Solutions for Bioprocessing Manufacturers

## **An Industry Leading Global Sterilizer of Bioprocess Consumables**

Single-use systems  
Disposables  
Serum  
Serum-derived proteins  
Biopharmaceuticals

## **Comprehensive Sterilization Technologies**

Gamma  
Electron-Beam  
X-Ray  
Ethylene Oxide

## **Global Integrated Facility Network**

48 Facilities in 13 Countries  
Controlled conditions  
Cold storage

## **Expert Advisory Services**

Feasibility testing  
Process development  
Process & product validations
